PROFILE SUMMARY

I am currently pursuing my Master's degree in Computer Applications while having a Bachelor's in Commerce. I have developed skills in front-end technologies like HTML, CSS, JavaScript, and React. I strive for excellence in all my endeavors and seek to contribute positively to my organization's growth.

PROJECT

Car Rental Website   Duration 3 days

Technical used HTML and CSS

To create a platform that allows customers to easily browse, book, and manage car rentals while enabling rental companies to manage their fleets, track bookings, and improve customer service.

Playstation Website   Duration 5 days

Technical used HTML and CSS

The PlayStation website serves as the official platform for PlayStation products, services, and community engagement. Its primary goal is to provide users with a seamless and immersive experience for exploring PlayStation consoles, games, subscriptions, and support.

Portfolio Website   Duration 4 days

Technical used HTML and CSS

Developed a personal portfolio website using HTML and CSS to showcase projects, skills, and achievements. Designed a responsive and visually appealing layout with user-friendly navigation. Demonstrated expertise in clean code structure and modern design principles

HOBBIES

- Playing Table Tannies
- Playing Cricket

AWARDS

Completed NPTEL online certification in cloud computing
